Paragraph 13. of the Lease is hereby deleted and eliminated in its entirety and the following new Paragraph 13. is inserted in lieu thereof and in complete substitution therefor:

"13. **Pooling.** Lessee shall have the right but not the obligation to pool all or any part of the Land or interest therein with any other lands or interests, as to any or all depths or zones, and as to any or all substances covered by this lease, either before or after the commencement of production, whenever Lessee deems it necessary or proper to do so in order to prudently develop or operate the Land, whether or not similar pooling authority exists with respect to such other lands or interests. The unit formed by such pooling for an oil well which is not a horizontal completion shall not exceed 40 acres plus a maximum acreage tolerance of 10%, and for a gas well or a horizontal completion shall not exceed 320 acres plus a maximum acreage tolerance of 10%, and plus, for a horizontal well, the additional acreage authorized for horizontal well spacing units set forth in Statewide Rule 86 of the Railroad Commission of Texas; provided that a larger unit may be formed for an oil well or gas well or horizontal completion to conform to any well

spacing or density pattern that may be prescribed or permitted by any governmental authority having jurisdiction to do so. For the purpose of the foregoing, the terms 'oil well' and 'gas well' shall have the meanings prescribed by applicable law or the appropriate governmental authority, or, if no definition is so prescribed, 'oil well' means a well with an initial gas oil ratio of less than 100,000 cubic feet per barrel and 'gas well' means a well with an initial gas oil ratio of 100,000 cubic feet or more per barrel, based on a 24 hour production test conducted under normal producing conditions using standard lease separator facilities or equivalent testing equipment; and the term 'horizontal completion' means an oil well in which the horizontal component of the gross completion interval in the reservoir exceeds the vertical component thereof. In exercising its pooling rights hereunder, Lessee shall file of record a written declaration describing the unit and stating the effective date of pooling. Production, drilling or reworking operations anywhere on a unit which includes all or any part of the Land shall be treated as if it were production, drilling or reworking operations on the Land, except that the production on which Lessor's royalty is calculated shall be that proportion of the total unit production which the net acreage covered by this lease and included in the unit bears to the total gross acreage in the unit, but only to the extent such proportion of unit production is sold by Lessee. Pooling in one or more instances shall not exhaust Lessee's pooling rights hereunder, and Lessee shall have the recurring right but not the obligation to revise any unit formed hereunder by expansion or contraction or both, either before or after commencement of production, in order to conform to the well spacing or density pattern prescribed or permitted by the governmental authority having jurisdiction, or to conform to any productive acreage determination made by such governmental authority. In making such a revision, Lessee shall file of record a written declaration describing the revised unit and stating the effective date of revision. To the extent any portion of the Land is included in or excluded from the unit by virtue of such revision, the proportion of unit production on which royalties are payable hereunder shall thereafter be adjusted accordingly. In the absence of production in paying quantities from a unit, or upon permanent cessation thereof, Lessee may terminate the unit by filing of record a written declaration describing the unit and stating the date of termination. Pooling hereunder shall not constitute a cross-conveyance of interests."

Except as herein amended, the Lease is hereby RATIFIED, ADOPTED, CONFIRMED and DECLARED to be valid, binding, subsisting and in full force and effect and Lessor does hereby GRANT, LEASE, LET and DEMISE the leased premises to Williams, its successors and assigns, subject to the terms and provisions of the Lease, as amended herein.

The terms and provisions of this instrument shall be binding upon and shall inure to the benefit of Lessor and Williams, their respective successors and assigns.

IN WITNESS WHEREOF, this instrument is executed by the undersigned on the respective dates set opposite their names below, but shall be effective as of June 1, 2009.
